NEWS FROM ALL POINTS.

(By Special Telegraph.)

Qu'Appelle, May 30.

Will do neither.

OTTAWA, June 4.—The Government has ordered Sir Fred. Middleton to resign or pay Bremner \$4,600. The General positively refuses to do either, and the Minister of Militia does not know what to do. The General's term expires in June, 1892, and the Government cannot force his resignation until that date. The officers of Militia are declining to be inspected by the General at their brigade camps, which commence next month. It is understood the General is acting under advice from the British War Office. He threatens to make it lively for Sir A. Carron if he attempts to force his resignation by showing up the latter in his true colors, both as to his moral character and utter incapacity of administering the Department of Militia.

The High Commissioner.

LONDON, June 4.—Sir Chas. Tupper will depart to-morrow to advise the Government in regard to the Newfoundland fisheries dispute.

Crop Prospects.

John Mather, who visited Manitoba recently says that at Stonewall wheat was ten inches high and equally well advanced in Southern Manitoba. It is estimated there are 800,000 acres under wheat in Manitoba this year, and 200,000 acres under other grain.

Destructive Cyclone.

LINCOLN, Neb., June 3.—Reports from Bradshaw, a hamlet of 400 or 500 inhabitants, about fifty miles west of Lincoln, state that the town was swept away about 10 o'clock last night by a cyclone. The cyclone was accompanied by a deluge of rain and a stunning fusillade of hail. Six persons were killed and a large number wounded.

The Royal Tourists.

OTTAWA, June 4.—The Duke and Duchess of Cornwall arrived by special train at 1:15 p.m. They were received by Lord Stanley, Sir John Macdonald and other members of the Cabinet. The party drove to the Senate, where an address was presented by the mayor on behalf of the council and citizens. The Royal party then took luncheon with Sir John, leaving for Montreal at 4:15.

Serious Fight.

BELGRADE, June 4.—A bloody encounter has taken place between Arnauts and Servians on the Servian frontier. The Ottoman and Servian Governments have sent orders for prompt enquiry into the affair. The Arnauts killed fifteen Christians, wounded thirty-five others, robbed the dead and violated numbers of women.

The Great Explorer.

LONDON, June 2.—Henry M. Stanley will go to America in autumn.

Disturbing Public Worship.

CALGARY, June 2.—S. H. Shaw, proprietor of the woollen mills at Fish Creek, was arraigned before Supt. McIlree, charged with disturbing public worship in the Church of England, Fish Creek, by smoking a pipe. He was sentenced to pay ten dollars and costs or fourteen days in jail. He took the latter.

B. C. Elections.

Elections for British Columbia legislature takes place on June 13th.

Will Combine.

WASHINGTON, June 2.—American roads are to combine against Canadian roads. The Grand Trunk and Canadian Pacific are draining away business that should belong to railroads of the United States.

Terrible Accident.

OAKLAND, May 30.—An engine and crowded passenger coach crashed into an open drawbridge through the carelessness of a bridgekeeper. Twenty bodies have been recovered, and as many more are missing.

Highly Successful.

OTTAWA, June 5.—J. A. Gidd returned from England after a most successful trip. He issued land grant bonds for the North-west Central for £500,000. An additional hundred miles of line will be built this ear.

DUCK LAKE.

S. McDougall has fifty teams hauling ties.

Surveyors under Mr. Reid are here running lines around the Stobart estates. As soon as finished the town will be put into town lots.

The crops never looked better than at present, and all are confident of a heavy yield. All say we are ahead of all other parts on the Saskatchewan.

Dr. Sweat, of the Regina & Duck Lake railway, will make this his headquarters shortly.

The railway company purpose opening a butcher shop and general store next week.

Mr. Fisher, P.M., lost a fine colt this week, by inflammation.

Master Chas. McKenzie, from Ottawa college, will arrive on Sunday night. He will remain two months under the paternal care.

Dr. Stewart is on a professional visit to the reserves northwest of here.

Insp. Wilson and Huot spent a few hours in town on Wednesday. Mr. Wilson's many friends were pleased to see him.

N. Keith's large outfit moved into town this week and commenced work north of here. He is confident the rails will be laid this far in less than thirty days.

Wm. Stobart & Co. had three cars of flour shipped from Winnipeg on the 25th May and on the 31st every bag of it was received here.

Among these registered at the Duck Lake House this week were—Luke Madigan, N. Keith, J. Campbell, W. McInnes, and Dr. Sweat, of the R. & Duck Lake railway, R. Fish, L. St. Louis, J. Wigmore; Mr. and Mrs. J. L. Johnson, Rev. Canon Fleet, B. McLean, W. C. McKay, P. L. Lafond and C. Mair, of Prince Albert, Senator McInnes, Hamilton, Mr. Major, Montreal.

The weather is hot and clear.

EAST END PUBLIC SCHOOL EXAMINATIONS.

In the competition for the silver medal and prizes for general proficiency in Canadian geography mentioned in last week's issue, the candidates obtained the following percentage of marks as set opposite their respective names:—

FRIDAY, JUNE 6, 1890.

While waiting at the telegraph office for returns from the Ontario elections, we heard the remark "the dual languages and separate schools question don't seem to take in Ontario." The satisfaction expressed by some of our Liberal friends, as the returns came in, went far to show they were in a large measure pleased that such was the case.

Our telegraphic despatches show that the Government is determined to relieve the Canadian militia of its present commander. No other course could consistently be taken. The general's refusal to resign is quite in keeping with all his actions, as reported by a parliamentary committee. His threat of making things lively for Sir Adolph Caron is simply an additional reason why officers of the force should refuse to serve under him.

Very little interest was taken, by the bulk of our citizens, in the Ontario elections. There were a few, however, who believed that the dual languages and separate schools discussion was bound to put every other question in the background and cause the defeat of the Mowat Government. These certainly are disappointed and can hardly realize how it was that such important questions did not gain a victory for Meredith. While the school and language excitement seemed to run high for a time, the result of yesterday's poll suggests strongly that the people of Ontario have lost faith both in the leaders and importance of the agitation, or perhaps the sudden silence, on this question, of certain Northwest papers, may have had a chilling effect on the Ontario vote. If such should prove to have been the case, it is but another evidence of the power of the press.

The date has come and gone, the Medicine Hat convention is now a thing of the past; we anxiously await the report of its proceedings. It is a matter for regret that notices sent Mr. Betts, should have been delayed, only reaching him by mail of May 26th, too late for any action on his part; we trust a similar accident has not occurred in many of the other districts, for without a general representation its influence would be very much weakened. Another serious mistake made by the Medicine Hat Board was in not extending, to other Boards existing outside their town some consideration as to dates and place of holding so important a meeting. Actions of this kind are usually termed selfish, and if outside districts are forced, without consultation, to gather at a particular point, interest in the whole affair may possibly be checked. We trust however that no such misfortune will have overtaken the gathering at Medicine Hat, but rather that the keenest interest was displayed by all sections and that the best of results may now follow.

The liquor question and how to handle it is daily growing in importance. One section of the people clamoring for more stringent law and another section complaining of the unsatisfactory nature and injustice of the present system must lead, in the very near future, to some decisive action by the Government. The bait of an amended N. W. T. Bill quieted for a time an agitation, but its withdrawal has started it again with even greater force than it possessed six months ago. The question, so far as Prince Albert is concerned, has become not one of License vs. Prohibition, but rather what steps can be taken to overcome the evil of an indiscriminate sale of the worst possible

kind of stimulants? We are free to admit that the permit system, if it were at all possible to carry it out in anything like its entirety, would certainly suit the general circumstances of our district better, perhaps, than any other. But total inability to do so makes it even worse than a general license law, and judging from the success of prohibitory laws in Eastern Canada, the same difficulties exist there as they do here in this respect. There it has been demonstrated as almost impossible to prohibit an evil in one section which is allowed in another, and the difficulty in carrying out the permit system is caused entirely from that same feeling here. The great bulk of our population feel that what is good for Ontario and the other provinces should be good for us. They are allowed a local option law, why is it refused the Territories? Railroad connection will simply increase an evil which, as it seems entirely impossible to overcome, should be made to assist, as in eastern towns, in paying a portion of our municipal expenses, instead of enriching the Territorial revenue and a few private pockets.

DIOCESE OF SASKATCHEWA.

On Sunday last (Trinity Sunday) the Bishop held an ordination in St. Alban's church, when Messrs B. Barton and E. Cook, two students of Emmanuel College, were ordained deacons.

The sermon was preached, and the candidates were presented by the Ven. Dr. Mackay.

The offertory at that service was given to the Provincial Clergy Widow and Orphan's Fund.

Rev. B. Barton will be licensed under Archdeacon J.A. Mackay for work in St. Andrew's and St. Leonard's parishes. He will reside at St. Andrew's.

Rev. E. Cook goes to Cumberland, having been licensed under Rev. J. J. Hines.

Mr. Charles Cunningham, who has been a student of St. John's College, Winnipeg, for the past three years and is to graduate in arts in the University of Manitoba shortly, is to be stationed at Saskatoon, and will work under the direction of the Rev. E. Matheson of Battleford.

A nice assortment of Sofas has been opened by Betts & Gwynne. They will be sold cheap; parties wishing a comfortable piece of furniture should secure one.

Disastrous forest fires, accompanied by high winds have been doing considerable damage in Wisconsin and Minnesota last week. Fortunately they had a heavy storm, followed by rain, on Saturday and Sunday and the fires are now nearly out.

The quantity of Canadian crude oil refined during the year 1889, amounted to 692,891 barrels of thirty five imperial gallons to the barrel and produced 9,714,776 gallons of refined illuminating oil which equals 225,923 barrels of refined oil of forty-three gallons each.

Mr. Oram, the enterprising proprietor of the Queen's Hotel, intends shortly making an extensive addition to his hotel. The new part will be two stories high, 26 x 50 feet, with dining room, kitchen, washroom, etc., on the first floor, and some seven or eight bedrooms, on the second floor. When finished the Queen's will present quite an imposing appearance. The present building has been repainted and calomined throughout this season.

A meeting of a large number of the business men of the town was held in the Council Chamber on Tuesday last for the purpose of discussing the advisability of applying for a charter of a railway from this place to some point on the Hudson's Bay. After the matter had been thoroughly discussed, it was decided to appoint a committee to secure the names of parties who would interest themselves in securing a charter for the proposed road. The following gentlemen were selected:—Messrs. W. R. Gunn, chairman; J. MacArthur, T. McKay, H. W. Newlands, C. Mair, Dr. Jardine, F. C. Baker, J. L. Reid, Dr. Bain, Judge McGuire, D. H. Macdowall, M.P., and Dr. Porter. A meeting of the committee was called by the chairman for to-day.

DUNCAN & MACKAY,
FORWARDERS

SASKATOON. All goods attended to and shipped immediately on arrival. Prince Albert freights will receive special attention, and forwarded by Prince Albert freighters, if possible. Orders solicited.

DIOCESE OF SASKATCHEWAN.

The following are the Bishop's arrangements for the next two months:—

June 8—10 a.m., Birch Hills; 3 p.m., Carrot River.

June 9—10 a.m., La Corne; 3 p.m., Pabunau Settlement; 5 p.m., Butler Settlement.

June 15—11 a.m., St. Paul's; 3 p.m., St. Catherine's; 7 p.m., St. Alban's.

GENERAL NEWS.

ST. JOHN, N.B., May 26.—At an early hour this morning Sam Torrie was stabbed to the heart, and died ten minutes later. Torrie and others had been drinking in the murdered man's house, and just after midnight two men rapped at his door asked for a drink of water. They were denied it, and one of them drew a knife and stabbed Torrie in the heart. The murderers have been captured. They are the older Watt and William Gray, who is but eighteen years of age. Watt confessed to having committed the murder, although unintentionally. He, Gray and Torrie had been together during the evening drinking and about eleven o'clock Torrie returned home. Later they knocked at the door of his house and Gray asked for a drink. "I was standing on the step cutting tobacco," said Watt, when Torrie sprang forward and struck Gray, knocking him down. I raised my knife and plunged it into Torrie's side, and we ran away.

MACLEOD, May 23.—Two men named Bertrand and McLean were arrested at Hatch Creek, Montana, suspected of having been implicated in the safe robbery from the police barracks. Bertrand has only recently been released from jail, having served a sentence passed upon him on a charge of thieving. He bears a bad reputation. McLean was formerly blacksmith in the police force stationed at this post. Other arrests have been made. Mr. Conbeare, Crown prosecutor, Inspector Wood and some witnesses left for Montana to endeavor to obtain the extradition of Bertrand and McLean.

LONDON, May 26.—Jas. E. O'Doherty, member of Parliament for North Donegal has resigned his seat in the House of Commons.

OTTAWA, May 26.—Mr. White, Controller of the Mounted Police, stated this morning that, so far, nothing had been done to appoint a commission to enquire into the case of Herchmer, but steps would be taken to do so very soon.

QUEBEC, May 26.—A large part of the parish of St. Catherine's, county of Port Neuf, has been inundated through the rapid rise in the principal streams. Many homes and other buildings have been ruined. Much live stock have been drowned.

TORONTO, May 26.—It was stated in the city council this evening that the rate of taxation during the current year would be eighteen mills on an assessment of \$130,000,000.

QUEBEC, May 26.—Louis Levalle, farmer, of Berthier-en-Bas, drove off the bridge in the dark and was drowned.

TORONTO, May 26.—Several firms employing cabinet makers have consented to having nine hours constitute a day's work.

NEW YORK, May 26.—Wesser's piano factory in West Forty-Third street was burned to night. Loss \$125,000.

NEW YORK, May 26.—It is likely that a general strike of cigarmakers in this city will occur. About 750 hands have already quit work and matters are unsettled. An answer from the bosses in regard to the demands of the workers is expected by to-morrow noon. If it is unfavorable a general strike will be ordered.

BERLIN, May 26th.—The recent heavy rains in the vicinity of Harzburg, in the duchy of Brunswick, have flooded the boundary, doing much damage to crops, buildings, fences, etc., and killing a large number of live stock.

HALIFAX, May 26.—The Yarmouth fishing schooner Onyx arrived at North Sydney this morning her flag at halfmast. On Friday morning while Robert Frost and Richard Hines were out attending to trawls their boat is supposed to have capsized for when the trawl was hauled all hands were horrified to find the body of Hines, the captain's son, entangled in it. Nothing was seen of Frost's body and nothing was picked up except the plug of the dory, from which it seems evident the boat had capsized.

PORT ARTHUR, May 26.—W.J. Rattle, of Cleveland, an expert on iron ore deposits, arrived to-day. He makes an examination of the Graham McKellar locations on Atikokan range which are under lease to Pickard & Co. of Cleveland. It is believed that upon the result of his report will depend whether the C.P.R. will build the Atikokan branch this season or not. Mr. McKellar accompanies Mr. Rattle, and they go by canoes from Savanne on the old Dawson route.

BERLIN, May 26.—At Alvensleben, Prussian Saxons, to-day, a house surrounded by waters of the prevailing flood, resist-

ing from the recent heavy rains, became undermined and was swept away. There were sixteen inmates of the building and all of them were drowned.

By the falling of a bolt of lightning on a house at Supplinger to-day, five persons were killed.

BERLIN, May 26.—In an establishment for the manufacture of artificial ice at Barmen, Rhenish Russia, to-day, an immense steam pipe exploded, scalding three men to death and seriously injuring several others.

MONTREAL, May 26.—It is rumored that the Rev. Principal MacVicar will be retired from the chairmanship of the Protestant Board of School Commissioners on account of the stand he took in the recent anti-lesuit agitation. The members of the Board when seen regarding the rumors stated that they had not received any official notification of the proposed change. They had heard the rumor and as they were most desirous that Principal MacVicar should not leave the Board, they had petitioned Premier Mermet that the change spoken of should not be made.

BATTLEFORD.

From the Herald, May 21.

On Monday morning Mr. Lumsden, C.E. of the Long Lake railway, arrived in town and spent the day in looking around the town and vicinity. He came up the old C.P.R. survey on the south side of the Saskatchewan, and left for Saskatoon yesterday by the old middle trail, intending to drive across country from the Eagle Hills to Saskatoon, which he intends to reach by to-morrow night. The outcome of his trip will be looked forward to with interest.

Basil Lafonde, who is thoroughly acquainted with the country, is accompanying Mr. Lumsden to Saskatoon.

Mr. Biggar, the engineer of the North West Central, spent a week or so in running lines and planting stakes along the Saskatchewan, particularly in the vicinity of the steamboat landing, and then crossed the river to R. Wyld's farm, in which stakes enough are planted to mark out a town site, and he is still working. Theories and surmises are plentiful, but as to just when the road will be built, or where it will enter the town we will have to await the announcement of the directors. Mr. Biggar is extremely liberal in allowing people to draw their own deductions. The running of this line, however, may be taken as evidence that the directors have business intentions.

The Northwest Central will not be able to handle any freight on its eastern section until after the 1st of July.

A parcel post service between Canada and Japan will shortly be initiated.

The earnings of the C.P.R. for the week ending May 7th were \$275,000.

It is calculated that 600 miles of railway will be constructed this season in Manitoba and the Northwest.

In Mark Lane, Canadian wheat is quoted higher than any other wheat in the world; forty shillings per quarter is the price asked for it.

The banks of St. Paul and Minneapolis are refusing to accept Canadian coin and paper money except at a discount of twenty per cent on coin and two per cent on paper.

The wheat crop in some parts of South-arn Dakota have been seriously damaged by a heavy wind storm accompanied by sand and dust. The farmers are getting uneasy.

Messrs. Ahearn & Soper, Ottawa, have a contract to construct 730 miles of wire for the Bell Telephone Co. between Ottawa and Quebec. The cost of the line will be \$35,000.

At Ottawa a return was brought down recently showing that there are now 3,113,878 acres of pasture land under lease in the Territories on which there was paid \$18,437 as rental, \$43,618 was due the Government for arrears of such rents.

A successful sale of Mediterranean fruit was held at Montreal last week. A large quantity of fruit was disposed at very fair prices. Buyers representing the leading fruit markets of the United States and Western Canada were present. The returns were satisfactory to the owners and it is probable that more sales will be held shortly.

Referring to the American canneries on the Columbia river, the Indiana Journal of Commerce has the following: "An English syndicate is trying to buy the Columbia river salmon canneries. They have option on every cannery but three, and the entire transaction involves \$1,000,000. The affair will probably be consummated, and the salmon fisheries will be run hereafter by the syndicate."

A big fire in Moosemin last night. Nearly one side of Main street was burned. The fire is supposed to be the work of a fire bug. Estimated loss, \$25,000. Partly covered by insurance.

Geo. Connor, of Kistano, is the proud possessor of a three-years old Ayshire grade heifer which supplies his dairy with an average of twenty-one pounds of milk each night and morning. Who can beat this record?

F. X. Major, representing M. Vineberg & Co. furriers, etc., of Montreal, arrived in town on Monday and left again yesterday. Mr. Major was greatly surprised to see such a large town so far away from civilization, and is greatly delighted with this part of the country and especially the situation of our town. We hope to see him back again in the near future.

ADVICE TO MOTHERS.
Are you disturbed at night and broken o' your rest by a sick child suffering and crying with pain of Cutting Teeth? If so, send at once and get a bottle of **MRS. WIGMORE'S SOOTHING SYRUP FOR CHILDREN TEETHING**. It will relieve the poor little sufferer immediately. Depend upon it, mothers: there is no mistake about it. It cures diarrhoea, regains the stomach and bowels, cures wind, colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WIGMORE'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

Messrs. Duncan and Mackay have located at Saskatoon and have decided to attend to the forwarding of freight from there to all points. These gentlemen are responsible parties and may be relied on. Any other information necessary can be had from S. J. Donaldson.

Capt. Deacon is in luck this spring with his tug, Josie. He got a new boiler which, after using a couple of days, he finds out has a flaw that completely disables it. The captain is negotiating for another, and expects to have the Josie running again in a few weeks.

Mr. Campbell, of the Q. L. L. & S. R. supply department, arrived in town on Monday last. He expressed surprise at finding Prince Albert so large and substantially built and thought the surrounding country the best he had seen in the Territories. He returned to the end of track yesterday.

A meeting of No. 2 Fire Company was held in the Council Chamber last evening at which a number of the members were present. After routine business was finished the advisability of getting up an entertainment on Dominion Day, in aid of the brigade, was discussed, and a committee appointed to consider what kind of an entertainment it is best to hold. A promenade concert in the rink was spoken about and also a ball, but whichever is decided on we are certain it will be well patronized.

THE RIFLE.
The second match of the Canadian Rifle League took place last Saturday. The same team went to the butts about one o'clock in the afternoon, very confident of making a good score as at the last match, but they found the day was a bad one for good shooting, as the wind was very gusty and the light bad. Between the mounds and the targets, the heat was rising from the wet earth like a cloud and it was almost impossible to see the bullseye through the sights. At each range over thirty points were lost and at the end of the shooting the team were 119 points behind the last match. The following are some of the teams with the scores made:—
